VEGAN

100 ml / 3.38 fl oz

Colouring cream in 10 minutes

Actives:

Soy protein • Hyaluronic acid • Avocado oil • Moringa oil

It is an innovative colouring cream that guarantees professional results in just 10 minutes. Its advanced formula, enriched with fast-release pigments, allows for deep penetration without damaging the hair fiber. It contains soy proteins to nourish and protect, hyaluronic acid to hydrate and prevent breakage, avocado oil for softness and shine, and moringa oil to restore strength and elasticity. The result is vibrant, healthy, and revitalized color.

SLS FREE

BLEACHES	1:2

100 ml / 3.38 fl oz

3D Color mixer

Actives:

Milk protein

Special technical product for thickening the colour. Guarantees consistency and fluidity for precise and specific colouring techniques because it makes it possible to isolate single locks without the need for additional tools such as foil or other materials. Does not compromise the lightening action or the strength of the colour.

Method of use: add and mix the correct quantity of the product (around 5 g) to the colour until the mixture has the correct density. Warning: the product hardens on contact with air so make sure it is closed properly and that the top is clean.

1000 - 60 ml / 33.8 - 2.02 fl oz

50 ml / 1.69 fl oz

Color drops mask e mask retail | Color shades

Actives:

Symhair® Shape & Color • Luminescina • Symoleo® Vita 7

Neutral base containing actives such as Symhair® Shape & Colour, capable of preserving colour intensity over time and Symoleo® Vita 7, a blend of oils and butters with antioxidant and strengthening properties that gives the hair tone and elasticity. It also contains Luminescine: a powerful active that restores radiance to the hair for an inimitable shine. Mixed with **Colour drops shades**, highly concentrated pigments, it creates an effective hair colouring mask: revives colour, moisturises, detangles. Used between colourings, it illuminates highlights and repigments faded lengths, it's excellent for toning highlights and mechès.

SALON

HAIR COMPANY PROFESSIONAL inimitable blonde

How to obtain and maintain a perfect blonde? The Hair Company Professional experts have answered this question with the exclusive Inimitable Blonde line composed of highly effective professional hair bleaching and lightening products.

300 g / 10.5 net wt oz

Bleaching cream

Actives:

Inulin • Corn proteins • Beeswax

LIGHTENS UP TO 8 TONES. Bleaching cream ideal for all bleaching effects. The corn proteins and plex added to inimitable blonde bleaching cream protect the hair throughout the bleaching process.

PARABEN-FREE

Bleaching on natural hair	H_2O_2

Bleaching powder Green matcha

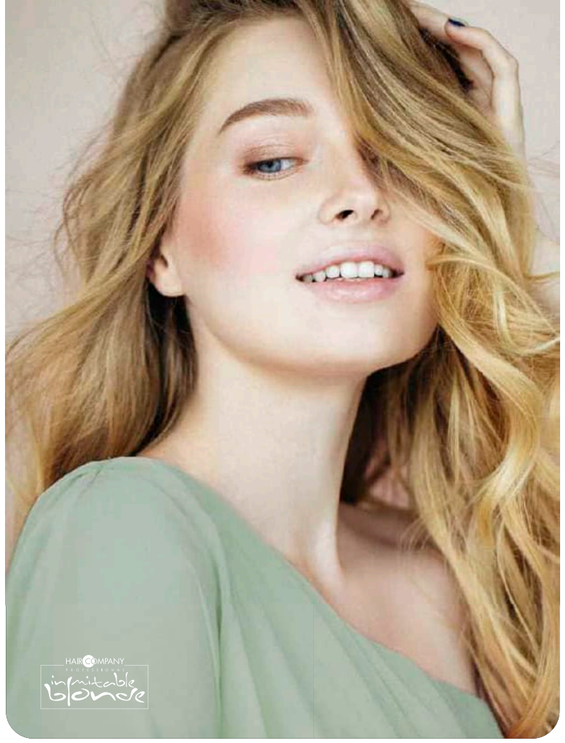

Actives:

Green tea • Cucumber oil • Spirulina algae • Plex (hyaluronic acid)

LIGHTENS UP TO 9 TONES. Innovative matcha-colored bleaching powder that with the addition of the appropriate Hair Company Professional oxidant emulsion turns into a mask with a soft and silky texture. It thus allows for better distribution on the hair. Ideal for freehand lightening. The antioxidant and moisturizing properties of spirulina algae and green tea help to preserve the structure of the hair, in addition, the hyaluronic acid-based protectant, plumps and protects during the bleaching process.

FOR AN ALWAYS PERFECT BLONDE HAIR COMPANY inimitable blonde

300 g / 10.5 net wt oz

Black bleaching cream Step 1

Actives:
Bamboo charcoal • Argan oil

IT LIGHTENS UP TO 9 TONES. Black bleaching cream designed to lighten and counteract warm highlights in hair during bleaching. Its delicate formulation allows the hair to be respected during setting time. Mixed with the Hair Company Professional oxidant cream, it allows any type of lightening to be carried out. Suitable for hair bleaching, not recommended for skin applications. Used in synergy with ice-blonde shampoo and mask, helps to maintain cool highlights.

VEGAN

1000 ml - 250 / 33.8 - 8.45 fl oz

Treatment shampoo ice blonde Step 2

Actives:
Blackberry • Vegetable proteins

NEUTRALIZES WARM REFLECTIONS This black shampoo is rich in neutralising agents to instantly remove yellow undertones. Ideal for cool blondes and grey hair. The regular use of this shampoo with the treatment mask ice blond provides durable anti-brassiness protection, keeping blonde shades cool for longer.

How to use: apply the product on washed and towel-dried hair. Leave on for 2-5 minutes depending on the intensity of the desired reflection. Rinse.

SLES-FREE
PARABEN-FREE

VEGAN

1000 - 200 ml / 33.8 - 6.76 fl oz

Treatment mask ice blonde Step 3

Actives:
Blackberry • Vegetable proteins
Coconut oil

REGENERATES AND NOURISHES THE HAIR. Black treatment mask that neutralizes hot highlights. Its nourishing formula restores body to treated hair. Used regularly together with the Glacial Blonde Treatment Shampoo, it keeps cool highlights longer. Especially suitable on coloured blond and grey hair.

How to use: apply the product to washed and towel-dried hair. Leave on for 5-10 minutes depending on the intensity of the desired reflection. Rinse out.

PARABEN-FREE

1000 - 250 ml / 33.8 - 8.45 fl oz

Anti-yellow shampoo Plus

Actives:
Black pearl • Blueberry • Silk protein

ELIMINATES WARM TONES. Conditioning shampoo with anti-yellowing effect. Counteracts warm tones and prevents yellowing of hair fibres.

How to use: use the shampoo 1 or 2 times a week as needed. Gently cleanse and leave on for a few minutes. Rinse. To amplify the anti-yellowing effect and soften the hair, use: colour drops mask with no yellow pigment.

SLES-FREE
PARABEN-FREE

200 ml / 6.76 fl oz

Biphasic anti-yellow reconstruction spray

Actives:
Seaweed • Blueberry • Silk proteins

COUNTERACTS YELLOW HIGHLIGHTS. Thanks to the purple pigment inside, the biphasic anti-yellowing spray is a great ally for countering unwanted yellow highlights. It is rich in vitamins that give shine and provide moisture, such as vitamin F, panthenol and pearl extract. The addition of seaweed and blueberry extract has a restorative action on the hair, providing it with a healthy, glowing appearance.

How to use: spray the necessary amount of product on washed hair. Comb through and proceed to blow-dry. Do not rinse. Recommended as a final step after any lightening treatment.

HAIR COMPANY PROFESSIONAL inimitable tech

More protection, more hydration!

We have developed specific professional products for every treatment need. Auxiliaries to colour and bleaching, smoothing and perming systems.

500 ml / 16.9 fl oz

K•Shampoo pH8 pre treatment

Actives:

Ama-Leaf ™ • Ama-Oil™ • Hydrolized keratin

Suitable for all hair types for deep and intense cleansing. Its alkaline pH helps open the cuticles and prepare your hair for the smoothing treatment. It contains natural active ingredients extracted from the amaranth plant, such as ama-oil and alma-leaf. The former restores the hair's structure, protecting it from moisture for a powerful anti-frizz effect, the latter is rich in flavonoids and polyphenols for an antioxidant effect. The result is soft and shiny hair. It also contains hydrolysed keratin, which is an essential protein and an integral part of the hair fibre. It protects hair while providing elasticity, thus promoting the smoothing process.

How to use: apply to wet hair and massage in to produce foam. Leave on for 5 minutes. Rinse and dry 80% of hair.

SLES-FREE
PARABEN-FREE

500 ml / 16.9 fl oz

K•Liss treatment

Actives:

Hydrolized keratin • Murumuru butter • Macadamia oil

Professional, intense and long-lasting smoothing effect for all hair types. Its formula helps you get rid of frizzy hair. With hydrolysed keratin, which is an essential protein and an integral part of the hair fibre. It protects hair while providing elasticity, thus promoting the smoothing process. It contains murumuru butter, known for its regenerating properties. It's rich in vitamins A and F, and it's a true elixir for nourishing dull, damaged and dry hair. It also contains macadamia oil to nourish hair shafts and prevent split ends, besides providing a precious anti-frizz effect.

How to use: apply this product to almost dry hair, strand by strand, using a brush. Apply it to lengths and ends, 1 cm from the roots, combing your hair using a fine-tooth comb. Leave on 20 to 40 minutes (depending on your hair type). Partially rinse the smoothing treatment and dry your hair completely using a flat or round brush. Pass the hair straightener 10 to 20 times on each strand at a constant temperature of 230 °C. Let cool down and complete the routine with post-treatment K-Shampoo and K-Mask.

PARABEN-FREE

500 - 250 ml / 16.9 - 8.45 fl oz

K•Shampoo post treatment

Actives:

Ama-Leaf ™ • Ama-Oil™ • Hydrolized keratin

Post treatment shampoo that gently cleanses hair while keeping the K-Liss smoothing treatment active for longer. It contains natural active ingredients extracted from the amaranth plant, such as ama-oil and alma-leaf. The former restores the hair's structure, protecting it from moisture for a powerful anti-frizz effect, the latter is rich in flavonoids and polyphenols for an antioxidant effect. The result is soft and shiny hair. It also contains hydrolysed keratin, which is an essential protein and an integral part of the hair fibre. It protects hair while providing elasticity, thus promoting the smoothing process.

How to use: apply to wet hair and massage until it lathers. Leave on 5 minutes. Repeat if necessary. Rinse and apply the post-treatment K-Mask.

SLES-FREE
PARABEN-FREE

500 - 250 ml / 16.9 - 8.45 fl oz

K•Maschera post treatment

Actives:

Ama-Leaf ™ • Ama-Oil ™ • Hydrolized keratin

The ideal hair conditioner for extending the K-Liss smoothing treatment effects. It contains natural active ingredients extracted from the amaranth plant, such as ama-oil and alma-leaf. The former restores the hair's structure, protecting it from moisture for a powerful anti-frizz effect, the latter is rich in flavonoids and polyphenols for an antioxidant effect. The result is soft and shiny hair. It also contains hydrolysed keratin, which is an essential protein and an integral part of the hair fibre. It protects hair while providing elasticity, thus promoting the smoothing process.

How to use: apply to damp, towel-dried hair. Leave on for 5 minutes, rinse and proceed to blow-dry with a round or flat brush, concluding with a classic flat iron.

K-LISS STRAIGHTENING TREATMENT

VEGAN

150 ml / 5.07 fl oz

Pre-treatment protector spray

Actives:

Vegplex • Vibrariche • Aloe vera

If one does not pay enough attention, an already sensitised hair suffers a loss of shine and moisture during technical treatments. Protecting it during this phase is among the most required necessities to keep healthy hair. The Pre treatment Protector Spray is a professional pre-bleaching product.
Applied to the most sensitised area of the hair, it preserves it, creating an effective protective barrier.

How to use: shake well before use. Spray the right amount of product on the most porous area of the hair. Dry completely and proceed with the most suitable bleaching technique.

(LEAVE-IN)

PARABEN-FREE

1000 - 250 ml / 33.8 - 8.45 fl oz

Post treatment shampoo

Actives:

Luminescine • White pearl extract
Silk extract • Aloe vera extract

A pH 4.5 shampoo for treated and coloured hair that makes colour long-lasting. Formulated with luminescine, a complex that restores radiance to hair. It also contains extracts of white pearl, rich in amino acids and oligoelements that provide the hair with a re-mineralizing effect, and extracts of silk and aloe vera, which provide softness and hydration. Vitamin E repairs and protects against sun damage, while pro-vitamin B5 is powerful emollient.

Method of use: wash and leave the shampoo on for about 3 to 5 minutes and rinse. After washing we recommend using the post-treatment mask.

SLES-FREE
PARABEN-FREE

1000 - 200 ml / 33.8 - 6.76 fl oz

Post treatment mask

Actives:

Luminescine • White pearl extract
Silk extract • Aloe vera extract • Vibrariche

Restorative mask for treated and colored hair, pH 3.5. Nourishes and revitalizes. Formulated with luminescine: complex that restores radiance to hair. With white pearl extracts to revitalize and silk and aloe vera extracts to soften and moisturize. With vitamin E to repair and protect against sun damage and with provitamin B5 powerful emollient. It also contains Vibrariche: an active that increases color vividness and hair combability.

Method of use: cleanse hair with post-treatment shampoo, then apply the mask to damp hair. Spread evenly, leave on 3 to 5 minutes, rinse.

PARABEN-FREE
PETROLATUM FREE

VEGAN

200 ml / 6.76 fl oz

Post treatment rebalancer gel pH3

Actives:

Wheat protein • Guar gum

During technical treatments, hair undergoes an increase in physiological pH in order to be coloured, bleached or changed in shape during perming. After the technical treatment, it is always necessary to rebalance the pH (lowering it) to restore hair brightness. The Post Treatment Rebalancer Gel pH3 lowers the pH of the hair after technical treatments, acting in a targeted and immediate manner. The hair will look brighter from the first application.

How to use: rinse off the colour or bleach, then wash with Inimitable Tech Post Treatment Shampoo. Apply the right amount of Post Treatment Rebalancer Gel pH3, distribute evenly over lengths and ends, leave on for 5 minutes, rinse and apply the most suitable Hair Company Professional mask to complete the technical service. Comb through, leave on and then rinse.

(RINSE OFF)

PARABEN-FREE

250 ml / 8.45 fl oz

Bran treatment

Actives:

Rice bran • Keratin • Acai oil

Formulated with acai oil, rich in antioxidant properties (vitamins A-C-E and omega 3-6-9) and with keratin to strengthen and protect. Ideal for moisturizing, nourishing and revitalizing skin and hair, before or after technical treatments. It levels the porosity of the hair. When incorporated into coloring, it provides shine and vigor; when used as a mask, it acts as a powerful reconstructor and protector, nourishing dry, brittle hair. Based on rice bran extract, with high moisturizing and nourishing value, it can be used with complete peace of mind on all hair types.

How to use: apply the right amount and proceed to styling. pH 4.5.

Plump up shampoo

Actives:

Hyaluronic acid • Hyperfermented ficus • Cactus extract

Ideal treatment to reinvigorate and volumise all types of hair, whether curly or straight, fine or damaged, it acts exactly like a restructuring filler.

Instructions for use: cleanse hair with Plump Up Shampoo (Step 1) which deeply cleans the scalp and hair and saturates the damaged parts of the hair with Plump Up Serum (Step 2) thereby increasing the lipid content of the hair, increasing its hydration and volume. Finally the cuticles are sealed with Plump Up Fluid (Step 3), final treatment without rinsing that closes the raised cuticles, smoothing and compacting them, thus restoring light and shine to hair. After the treatment, the hair immediately appears stronger, thicker and more vital thanks to the volumising and hydrating power of hyaluronic acid and the synergy of 3 important ingredients.

DOUBLE ACTION

ESSENCE OF CARE

Nature and science for the well-being of the scalp and lengths.

Double Action is much more than just a hair care product line; it is the perfect combination of innovative active ingredients and cutting-edge technologies for everyday natural beauty.

VEGAN

50 ml / 1.69 fl oz

Cross-line complex

Actives:

Phosphatidylcholine • Niacinamide • Lactobacillus ferment
Salicylic acid

The cross line complex is a multi-action booster that enhances the benefits of double action treatments. Lactobacillus ferment is known for its moisturizing and soothing properties. Salicylic acid has exfoliating and anti-inflammatory properties. Salicylic acid helps reduce the buildup of dead cells on the surface of the scalp. Niacinamide, also known as vitamin b3, has soothing and stimulating properties.

Instructions for use: add 1 ml of cross line complex to 25 g of scalp preparer. After washing the hair and scalp with the appropriate double action shampoo, apply the treatment using a brush. Leave on for 5 minutes. Rinse and apply the most appropriate double action lotion by adding 1 ml of cross line complex, massage and dry.

Scalp preparer

Actives:

Salicylic acid • Bisabolo • Alpha stem complex • Almond oil
Rosemary oil • Mallow extract

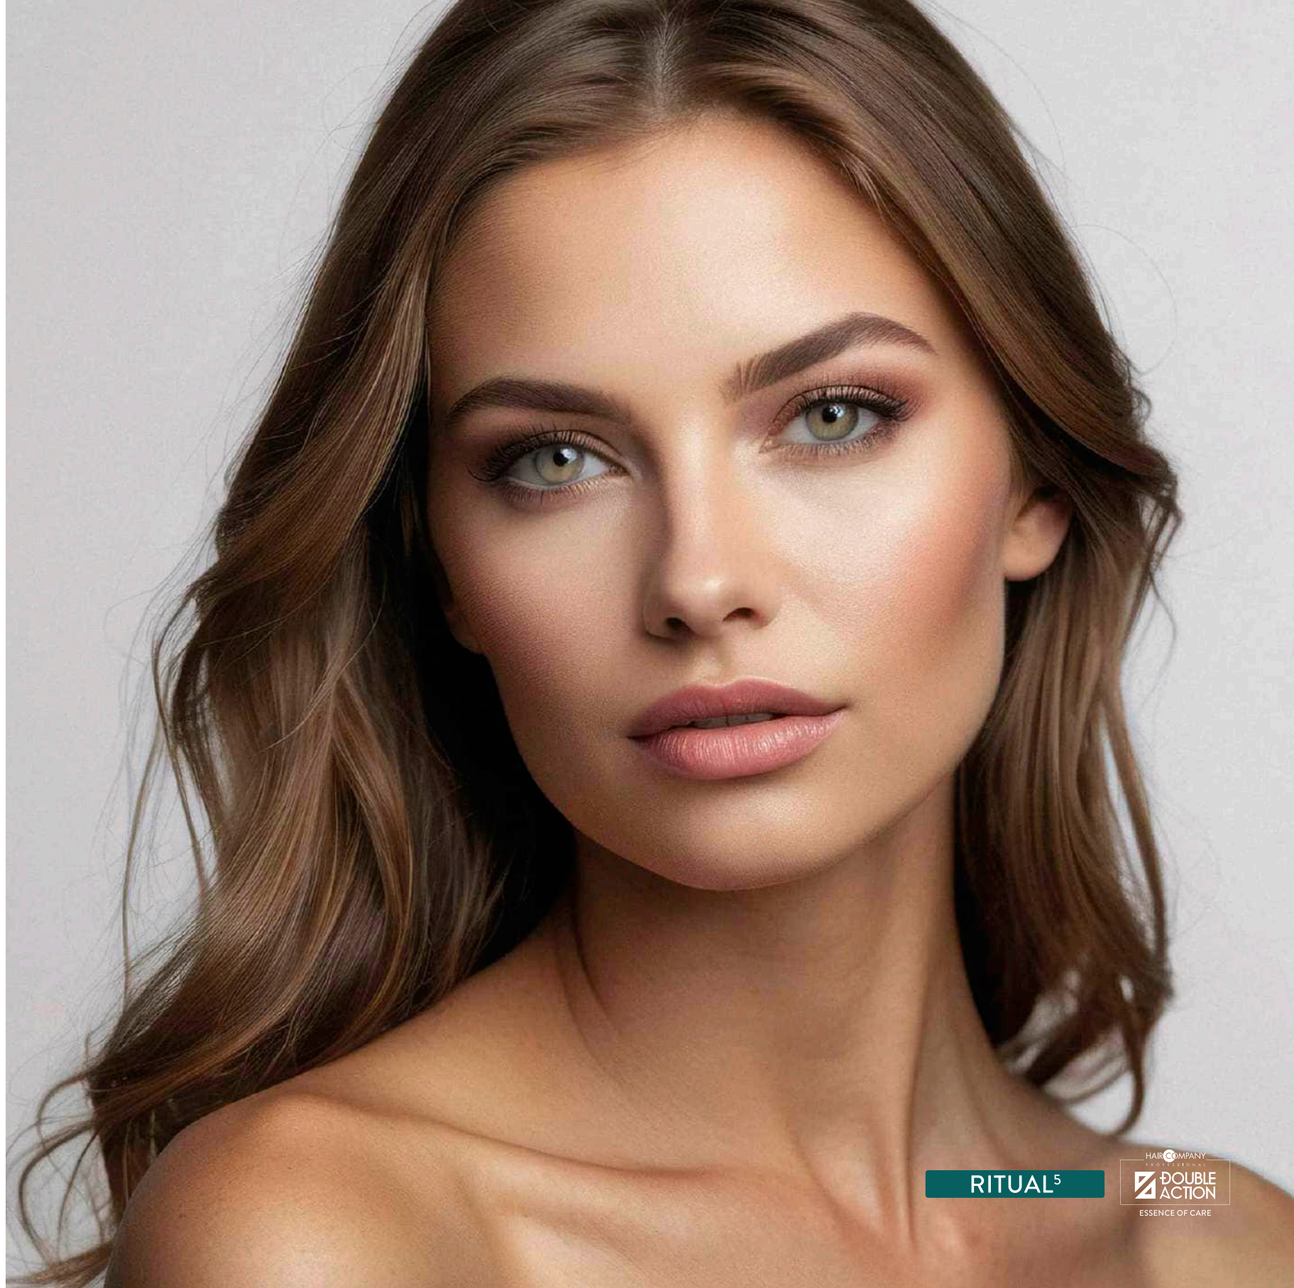

The scalp preparer combines natural ingredients to provide benefits for the scalp. Almond oil hydrates, nourishes, and soothes, reducing inflammation. Glycolic extract of mallow has soothing properties, making it ideal for sensitive scalps. Rosemary stimulates circulation and promotes cellular regeneration. Salicylic acid exfoliates and purifies the skin, while allantoin soothes, reduces inflammation, and regenerates the scalp.

Instructions for use: in a bowl, dispense 25 g of scalp preparer + 1 ml of cross line complex. After washing the hair and scalp with the appropriate double action shampoo, apply the treatment using a brush. Leave on for 5 minutes. Rinse and apply the most suitable double action lotion.

Keratin • Unripe grapes stem cells • Alpha stem complex • Panthenol

The a + b hair repair lotions are formulated to renew damaged and weak hair, improving its structure and elasticity. Unripe grape stem cells contain antioxidants that help protect the hair from environmental damage. Panthenol is a form of vitamin b5 that hydrates and nourishes the hair. Allantoin has soothing and regenerative properties. Hydrolyzed keratins help renew the structure of damaged hair and improve its strength. Ceramides are natural lipids found in hair that help maintain the integrity of its structure. Jojoba oil is known for its moisturizing and nourishing properties.

Instructions for use: in a bowl, mix hair repair lotion a + hair repair lotion b, mix to create a smooth mousse and apply to the lengths and ends, comb to allow for uniform distribution. Leave to act for 3/5 minutes. Rinse and proceed with desired styling. Tip: by adding a heat source, the restructuring action increases in effectiveness.

DOUBLE ACTION
ESSENCE OF CARE

EXFOLIATE

VEGAN

250 ml /8.45 fl oz

Detoxing peeling

Actives:

Biotic complex • Sarcosine • Bamboo extract

The detoxing peeling is a detoxifying treatment with a combination of active ingredients such as the biotic complex and sarcosine, which help rebalance the scalp flora, promoting a healthy scalp, reducing inflammation, and protecting the scalp from external agents. Bamboo is a plant rich in antioxidants and nutrients that help purify the skin, thanks to its antibacterial and anti-inflammatory properties. Bamboo aids in the cell renewal of the scalp with a gentle exfoliating action. The combination of these actives provides a deep cleanse, removing toxins from the skin and promoting cell regeneration.

Instructions for use: dispense 30 g of detoxing peeling into a bowl. Without washing your hair, apply the product to the scalp using the brush, distributing it with a light massage. Leave on for 5 to 20 minutes. Rinse and then cleanse with the appropriate double action shampoo.

ENJOY YOUR SUMMER

Summer, sun and healthy hair!

We've come up with a suncare line ad hoc for all hair types.

150 ml / 5.07 fl oz

Protective fluid for hair

Actives:

Beta carotene • Polynesian beauty oil
Argan oil • Flaxseed oil • Jasmine extract
Seaweed extract

Multifunctional spray. Applied before exposure, it protects hair from the aggressive effects of sun, salt, and chlorine. Applied as a leave-in after shampoo and mask, it nourishes and hydrates hair. The presence of Argan oil, flaxseed oil, and Polynesian Beauty Oil makes the fluid extremely moisturizing and purifying. It also contains beta carotene, and extracts of argan and seaweed.

How to use before sun exposure: dispense the right amount of product on damp or dry hair and comb. Leave-in. Repeat application throughout the day. How to use after sun exposure: after rinsing out the regenerating hair mask, dispense the right amount of product on the lengths. Leave-in. Proceed with drying.
